Pediatric Environmental Health Specialty Unit (PEHSU)

PEHSU Region 1

*Serving: Massachusetts,
Connecticut, Maine,
New Hampshire,
Rhode Island, and Vermont*

www.childrenshospital.org/pehc

ABOUT US

The New England Pediatric Environmental Health Specialty Unit (PEHSU), one of the first of now ten national units, provides consultation, care, and education to address pediatric and reproductive environmental health concerns. Our unit, known as PEHSU Region 1, covers the New England states; Connecticut, Massachusetts, Maine, New Hampshire, Rhode Island, and Vermont.

We are a collaborative effort between the Pediatric Environmental Health Center at Boston Children's Hospital and the Occupational and Environmental Health Center of Cambridge Health Alliance.

**HARVARD MEDICAL SCHOOL
TEACHING HOSPITAL**

Our Goal

Our goal is to improve the health of children and reproductive age adults through early recognition, evaluation, management, and prevention of environmentally related health problems.

PEHSU Program

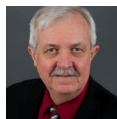

The PEHSU Program, winner of the EPA Excellence in Children's Environmental Health Award in 2005, is funded by the Agency for Toxic Substances and Disease Registry (ATSDR) and the U.S. Environmental Protection Agency (EPA), and administered by the American Academy of Pediatrics (AAP).

WHO WE ARE

Boston Children's Hospital
Until every child is well™

Alan Woolf, MD, MPH

Director, Pediatric Environmental Health Center; Professor of Pediatrics, Harvard Medical School

Marissa Hauptman, MD, MPH,

Assistant Director, Pediatric Environmental Health Center; Instructor of Pediatrics, Harvard Medical School

Bryan Stierman, MD, MPH,

Pediatric Environmental Health Center, Clinical Fellow

Rose Goldman, MD, MPH,

PEHSU Associate Director, Occupational and Environmental Medicine, Cambridge Health Alliance; Associate Professor of Medicine, Harvard Medical School and Associate Professor of Environmental Health, Harvard School of Public Health.

**Beth Israel Deaconess
Medical Center**

Blair Wylie, MD, MPH,

PEHSU Coordinator

Brittany Alaimo

PEHSU Coordinator

Matthew Spence, MPH

PEHSU Health and Community Educator

Kimberly Manning, MA, CHES, NBC-HWC

PEHSU Health and Community Educator

WHAT WE DO

Education and Outreach:

To increase awareness and knowledge about environmental health issues of importance to children and reproductive-aged adults, our PEHSU physicians and environmental materials, and speak at hospital grand rounds, conferences, governmental organizations and other public settings.

Training Health Professionals:

We educate medical students, pediatric residents, occupational medicine residents and toxicology fellows about recognizing, treating, and preventing pediatric environmental health problems.
