

The Benefits of Becoming a BCH Academy Scholar Member

As a BCH Academy Scholar Member, you will join a collaborative community dedicated to educational innovation and scholarship. Connect with fellow academy scholars who share your passion for health professions education projects, curriculum development, or education research.

Vibrant Community

Join a diverse community of peers dedicated to project and curriculum development and scholarship. Collaborate, exchange feedback, and cultivate lasting professional relationships.

Expert Guidance

Receive invaluable support from experienced health professions educators and consultants to help you tackle project, curriculum, and research challenges. Gain mentorship that accelerates your growth and improves your project outcomes.

All Experience Levels Welcome

Whether you're just starting an educational project or ready to publish, BCH Scholar Membership provides the support and resources to help you succeed at every stage.

Members gain practical solutions to educational challenges through collaborative problem-solving and access to a wealth of shared resources. Experienced scholar group facilitators create a supportive environment for refinement of your educational initiatives every step of the way.

Join for one year to try it out, or stay on as long as you wish.
